An article on our school website: our school has been awarded national eTwinning Quality Labels for five projects this year. Two of them refer to our Erasmus+ partnership - Innovate Together 2 and Making friends.

Yesterday I presented our project at a County Meeting of Teachers of English at 3rd Primary School Čakovec. My presentation was an overview of all activities at school and all the mobilities. I also held a workshop on Stop Motion Studio, an application we learnt about during our LTTA in Romania. You can see teachers from Čakovec creating their stop motion films.

Our animated film Spavač (Sleeper), featuring the legend of Pozoj, a creature believed to be sleeping under the Old Town of Čakovec, has entered the official competition of Dubrovnik international film festival! The film was created by students of II. osnovna škola Čakovec, mentored by the teacher, our colleague **Monika VVuk**, as a part of our project Innovate Together, Traditions and Legends.

As a part of The Book Day activities, this year we decided to mark The World Storytelling Day for the second time. Students gathered at the school library, led by our librarian, Croatian and English teachers and primary teachers. The students' task was to tell their favourite stories. One of the was Cosmo Story. We all enjoyed very much!

Tuesday, 19th March 2019. My colleagues Dunja Mikulaj and Ida Veselovac, primary teachers, presenting their work on our project, to The County Council of Primary Teachers in Čakovec. Teachers from several schools were presented examples of good practice: outdoor games, Numeracy Week, creating board games, important dates and other activities. The audience especially enjoyed hearing about their visit to our partner school in England.

The yellow flower recalls the yellow of the Star of David that the Jews were forced to sew on their clothes during the Nazi rule. The crocuses have flowered around the date of the Day of Memory. "More than 75 years after the young Czech poet Pavel Friedmann famously penned a farewell poem to "the very last" butterfly at the Terezin Concentration Camp, the children of the world have answered Friedmann with the largest migration of butterflies ever seen." The students of II. osnovna škola Čakovec with teachers Dunja Mikulaj and [Monika VVuk](#) marked The Holocaust Remembrance Day by creating an art installation of butterflies. Later, at a special presentation, they also recited the poem The Butterfly. <http://hmf.org/ViewExhibits.aspx...>

**Silvia Barini** added 16 photos to the album 3 rd December - International day of People With Disabilities.

10 December 2017

With the hashtag [#improve](#) well impressed in our minds and hung on our walls, we made a one-week training for improvement: seven steps, including little but very important things, such as saying "Thank you", practicing kindness, recalling sweet memories, helping other people.

Every class realized a panel or a 3d artwork on the theme, starting from a story or a conversation with kids about change and improvement. Finally, at the end of the training, all the pupils of the school made their symbolic firewalk, because we need patience, bravery and effort to improve ourselves...but we can do it!

During the event, the students of our school familiarized themselves with the work of the athletes in basketball, using the wheelchairs of the athletes during a match. The students and their teachers had also the opportunity to practice with hand bikes.

All the partners have sent their mascot and logo proposals! Coordinators, check your emails for instructions! Everybody may vote as many times as they like, but not for their country. Voting can start! The results will be published on Wednesday.

On November 16, 2017 during the International Day for Tolerance our A' Grade students hosted to our school children from the Day Center "Mario's' Home". In the "Mario's Home" adults with special needs are preoccupied. All together were involved in various activities: cooking, crafts etc. Everybody had a wonderful time!

Tolerance day means interaction with people with disabilities and special needs! That's the only way to meet them and accept them! Not just stories and theories but action!! I'm proud that Cyprus made the difference!

L'Istituto Comprensivo Faenza San Rocco partecipa ad *Erasmus KA2*

Primo meeting a Cakovec in Croazia dal 4 all'8 ottobre

L'I.C.Faenza San Rocco è inserito in un progetto europeo Erasmus KA2 dal titolo "Innovate together" che vede coinvolte sette scuole da altrettanti Paesi: Inghilterra, Portogallo, Croazia, Polonia, Cipro, Romania e Italia.

Le scuole lavoreranno in sintonia per due anni sul progetto indirizzato a promuovere l'acquisizione di abilità e competenze, all'inclusione sociale e ad avviare buone pratiche, aperte ed innovative nell'era digitale. L'I.C.Faenza San Rocco, spinto da fenomeni ed eventi che portano a modificare in maniera sostanziale strutture e relazioni sociali ma anche sollecitato dalle opportunità di confronto e di agire comune con scuole di altri paesi che i programmi europei hanno loro offerto, è pronto ad affrontare i processi di globalizzazione, la crisi economica e culturale, ad aprire le proprie realtà ad altro e diverso, per offrire di più e migliorare la propria comunicazione e visibilità. Il lavoro sarà incentrato sugli alunni e non solo, anche gli insegnanti, infatti, seguiranno corsi di formazione intensivi tenuti da docenti esperti in specifici programmi di tecnologie e di Media. Sono previste diverse mobilità nei vari Paesi partecipanti per insegnanti e gruppi di studenti. Il primo meeting si è tenuto a Cakovec in Croazia dal 4 all'8 ottobre ed hanno partecipato la Dirigente Marisa Tronconi, l'insegnante responsabile del progetto Tina De Rosa e
